

2023 – 2024 Faculty Senate – ~~Pending Approval~~ Approved at Mtg #3
Meeting # 30 **Aug. 27, 2024**
Tuesday, April 23, 2024, 3:30 pm – 4:30 pm
Zoom only

Present: Barannyk, Blevins, Chapman, Gauthier (Chair), Haltinner (Vice Chair), Justwan, Kenyon, Kirchmeier, Maas, McKenna, Mittelstaedt, Murphy, Pimentel, Ramirez, Raney, Rinker, Roberson, Sammarruca (w/o vote), Schiele, Shook, Schwarzlaender, Thaxton, Tibbals.

Absent: Buchen, Miller, Mischel

Call to Order: Chair Gauthier called the meeting to order at 3:30 pm.

Approval of Minutes (vote):

The minutes of the 2023-24 Meeting #29, April 16, 2024, were approved as distributed.

Chair's Report:

- Gwen Gorzelsky, Vice Provost for Academic Initiatives, would like to encourage the Senators to attend the open forum events for the three finalists for the position of Director of General Education (DGE). The reconfigured DGE role will focus on improving outcomes specifically in General Education courses, building community among General Education instructors within and across disciplines, and coordinating with the State Board of Education and general education colleagues across Idaho public institutions. The relevant information can be found at the search website: [Director for General Education | University of Idaho Provost \(uidaho.edu\)](https://uidaho.edu)

Provost's Report:

- The State Board of Education met on our campus last week. One of the businesses they consider in April is tuition increases. They approved a tuition and fee increase of 3%, about \$268 per student. This generates approximately 2.8 million dollars, which we plan to use for funding CEC. The same percentage was approved for all four-year institutions in the state.
- Vandal Giving Day: The goal was to raise a million dollars on that day. They raised 1.13 million dollars, a 30% increase over last year. Both the number of gifts and the number of people who donated increased significantly. This is great news from the fundraising standpoint, but it's also an indicator that people are excited about what we all are doing and where the institution is going. It's a great sign and obviously helps our programs and our scholarships.
- The second Uldaho Bound event is this Saturday. Enrollment continues to be a focus. I appreciate all of you who help with those events.
- There are still problems with FAFSA nationwide. Our Financial Aid Office has been very proactive with communications to students, but they still don't have financial aid packages. They expect packages to start going out within the next one to two weeks, to new students first and then to continuing students. If you talk to families, let them know that we are aware of the challenges and we're working on it. It's a federal issue.
- It's time to thank Jean-Marc and Kristin for their leadership this year and all they've done to lead the Senate. Jean-Marc came into this not having been the prior vice chair, and I think they both have done a great job leading. So, thank you, Jean-Marc and Kristin, for what you've done to serve this body during the year!

Discussion:

A senator asked whether the 3% tuition raise is the same as, or in addition to, the 3% increase in Gen Ed funding from the state announced the previous week, along with information on how it's going to be spread out for CEC purposes. Provost Lawrence clarified that the announcement from the previous week assumed that a 3% increase in tuition would be approved. Today's communication does not add more funds.

Committee Reports:

- Proposed changes to the University Catalog (voting)
 - Admissions Requirements – Steve Shook, Forest, Rangeland and Fire Sciences
Steve Shook presented a summary of discussions/events leading to the proposal in Attach. #2. The proposal captures the UCC recommendations to Faculty Senate, except for the statement in 2c, *“Every applicant who has a test score (ACT, SAT, or ISAT) is encouraged to provide it for admission. Providing a test score assists in class placement and may make an applicant eligible for certain scholarship opportunities,”* which was added later.
Discussion:
A senator raised an issue about the wording. Presumably, the various options are meant to be mutually exclusive, but, with the present language, they are not. A student can fall within both options **2a** and **2b**, in which case they are both directly admitted and required to submit test scores. After a brief discussion, the confusion was clarified and a change to the language was proposed: *“New first-year applicants with a cumulative GPA between 2.6 and 2.99 who are not otherwise automatically admitted under **2a** must submit an ACT or SAT score.”*
There was some additional discussion on whether we should expect a return to test scores being required. Steve Shook said it would be helpful to have both indicators, (GPA and standardized test scores), because students may do better with one or the other. In response to a question about out-of-state students, Steve noted that admission requirements are the same for in state and out-of-state students, except for the ISAT. A senator wished to make a final remark: This proposal is great to go forward. In a couple of years, though, Faculty Senate may want to revisit what the SAT score should be for the 2.6-2.99 GPA range.
Back to the motion (Tibbals, Barannyk) to amend the language in section **2b** of First-Year Admission Requirements.
Vote on the proposed amendment: 20/20 yes. Motion passes.
Vote on the amended motion: 21/22 yes; 1/22 no. Motion passes.
 - UCC 538 Nuclear Materials Engineering Graduate Academic Certificate – Indrajit Charit, Nuclear Engineering and Industrial Management.
The nuclear industry is going through a renaissance. Nuclear energy is environmentally sustainable and is essential in the form of modular reactors and micro-reactors to charge the electric vehicles that will dominate the roads. The proliferation of nuclear energy and the safe operation of nuclear reactors depend highly on how we address the issues related to materials and their degradation. This certificate program will prepare the students to address the materials-related issues of nuclear engineering and will attract students from various disciplines. There are only two other universities (WSU-Tri-Cities, and UWisconsin) that offer certificate programs in nuclear materials. Furthermore, the certificate will help meet the employment needs of our industry partners. This certificate program is intended to prepare students for careers in the nuclear industry or nuclear medicine and for future graduate studies in nuclear engineering. The department already offers the courses required for the certificate.
Vote: 20/21 yes; 1/21 no. Motion passes.

- UCC 115 Department of Nursing – Jeff Seegmiller, Director, Medical Education Program. We are currently proposing the new School of Health and Medical Professions and six new programs under three departments (Department of Medicine, Department of Clinical Medicine and Department of Nursing). The Department of Medicine and the Department of Clinical Medicine have already been formed. Our Idaho WWAMI Medical Education program is also included in this organizational structure and is housed in the Department of Medicine. Vote: 21/21 yes. Motion passes.
- UCC 117 Changes to General Education Course Lists: Regulation J-3 – Dean Panttaja, Vice Provost for Academic Initiatives. We are proposing an addition of 10 courses, 5 in the gym area and 5 in the capstone area, and

Discussion:

A senator expressed concerns about the language in J-3-c “*Scientific Ways of Knowing (8 credits from two different disciplines, which include two accompanying labs OR 7 credits which includes a Core Science (CORS) course and one course with lab).*” The senator argued that a student could not graduate with 7 credits by taking NR 213. (This issue was set aside to be revisited later in the meeting.)

Dean Panttaja provided additional clarification on the changes that were made. Kristin Haltinner inquired about Survey of Health, Fitness, Sport, and Wellbeing being listed as an American Diversity course. Dean Panttaja didn’t quite recall the specifics of those conversations, but he is sure the course met the appropriate criteria, which are spelled out by the State Board of Education. We, as an institution and based on our vision and values, have defined what it means to be American Diversity and what it means to be International. This course covers all athletes and mechanisms in place to ensure we have a diverse athletic world. The course covers discussions about diversity, equity, and inclusion in sports. Kristin Haltinner noticed that the same course added under American Diversity is also added under Social and Behavioral Ways of Knowing, so students can “double dip.” Her department no longer allows that, because it defeats the purpose of Gen Ed. She wondered whether there is an ongoing conversation at UCGE on this matter. Dean Panttaja replied that he believes in a broad education and supports the decision of the Sociology department. The practice commonly referred to with the term “double dipping” dilutes the broad exposure that should be provided by Gen Ed courses. He has shared those views over his many years in Gen Ed.

Motion (Mittelstaedt, Tibbals) to postpone the vote on UCC 117 for about 20 minutes, while a group of people discuss a possible amendment to the language in J-3-c.

Vote: 19/20 yes; 1/20 no. Motion carries.

- **Announcements and Communications**

- Vandal Health Clinic – Blaine Eckles, Vice Provost for Student Affairs and Dean of Students, Jeff Seegmiller, Director, Medical Education Program, Rayme Geidl, Associate Director, Medical Education Program

Blaine Eckles:

Student Affairs has been working with Gritman Medical Center to provide health services to our students through the Vandal Health Clinic. The contract is now at a renewal stage, and they decided to make some significant changes. The Vandal Health Clinic is brought back in house and turned into a teaching clinic where our faculty working with our students in the WWAMI program will provide medical services to the students at the University of Idaho. It’s going to be a full-fledged health clinic, just like it always has been, with two significant changes: it is in house, and, unfortunately, for the time being is not able to provide medical services to employees, who could access the health clinic before the change. As the clinic is operated internally, it is under FERPA, and thus only accessible to students going forward. A

long-term goal is to get it back to be accessible to employees. A teaching clinic will further our educational programs.

Jeff Seegmiller:

This is really an exciting time for the University of Idaho, with many new proposed health professions programs. We appreciate your support for those programs. We're really trying to change how the University of Idaho contributes to the healthcare shortages within our state, which are quite drastic. Presently, we rank fiftieth for number of physicians per capita, and every county in the State of Idaho is a health professional shortage area for behavioral mental health and 98% are a behavioral mental health or primary care shortage area. We have a medical school on our campus, yet our students must go elsewhere for some training. We are happy to bring training experiences on campus and within our community. This is an exciting time for us to employ clinicians as full FTE clinical faculty that can also teach and provide services for our student population. It is actually very common across the United States to have an academic medical center, where students and faculty can receive care, and we're looking forward to that model.

Discussion:

There was a question about possible impact of these changes on sexual health care for students, such as birth control or STD testing referrals. Rayme Geidl confirmed that there will be no cuts to any of the services students are currently receiving from the health clinic. A senator shared her concerns that Idaho state laws are discouraging doctors from coming here. Jeff Seegmiller replied that he knows the challenges. He moved to Boise for eight weeks to help educate our legislators on the impact that our laws have on the practice of medicine within our State and even on individuals choosing to go into health care. Fortunately, the number of physicians in Idaho has been going up. Idaho is a fast-growing state, and so our numbers have been increasing, but not enough to meet the actual growth of the state. Therefore, anything that discourages a physician from practicing in our state or moving to our state, hurts us down the road and presently. So, we need everybody to help to educate our legislators on the challenges.

A senator asked whether postdocs would have access to the clinic after the changes. Blaine Eckles replied that they wouldn't, being staff. However, the U of I will maintain an important relationship with Gritman, because not all student needs can be met through the Vandal Health clinic. They expect to be doing a lot of referrals to the community just like they did when there wasn't a health clinic here on campus.

Back to the topic of state legislature, Dean Eckles noted that we have elections coming up. He is on a panel hosted by ASUI about educating students on the importance of voting. All of us have a voice and need to engage our constituents about reaching out to our representatives in the state legislature.

- Distinguished Scholars Program – Jerry McMurtry, Dean, College of Graduate Studies
Sandra Renee visited Faculty Senate to talk about what she is doing with the Honors Program and the effort to create an office of distinguished fellowships. Today, Dean McMurtry will follow up with some of the work being done at COGS. Every time we get an honor student into graduate school, it's certainly a win for us if they stay. If they move on with a prestigious fellowship to another institution, that gives us visibility where they go, which is, generally, an aspirational peer level institution. COGS offers workshops specific to the needs identified for our graduate students. The information is spread out wide to students, faculty and staff to get students involved in this. Jerry McMurtry urged faculty to look at the COGS initiatives and build them into NSF-style mentoring programs, which is now a requirement if the award includes support for graduate students. Specifically on the topic of prestigious fellowships, they have a workshop series which gives students the opportunity to explore fellowships and find one that works for them. They started with just a few, the NSF Graduate

Research Fellowship Program (GRFP), the NIH F31 Fellowship, the Ford Foundation and the National Defense Science and Engineering Graduate Fellowship, and now have about 30. While supporting students through a formal workshop series, they learned that students really want to spend time writing for these awards. So, they created a spring and a fall class on the subject of prestigious fellowships. The spring class, Prestigious Fellowships I, helps the students work through what they need to do to get one of these fellowships and to write the strongest proposal they can. In the fall, Prestigious Fellowships II prepares them to meet most of the deadlines for the big federal fellowships that come up in October and November. The course goes through the first eight weeks of the fall semester and focuses on how to submit the best fellowship application that moves forward. Of the five students that went through a pilot version of this program last year, there were two winners and an honorable mention, which is a pretty good success. COGS is excited to work with the Honors Program, but they are also moving further.

Discussion:

In response to a question, Jerry said that those fellowships are primarily for graduate students, although at COGS they do reach out to the undergraduate population, particularly for the GRFP, because they're only eligible to apply twice. Sometimes, they have worked with juniors who wanted to be prepared to apply in the senior year, so they could have support to go on to graduate school. They also work with first-year graduate students, who are still eligible to apply.

COGS would love to get high school students thinking about this early, but these applications are not easy to write and they're extremely competitive. It takes a lot of time to work through this, to obtain the appropriate references, to work with your faculty sponsor on developing the correct research plan etc.

New Business:

- From Vice Chair Haltinner: The university-level committee roster to be presented at the UFM is different than the one from last week, because several people have declined the appointment. It will likely continue to change until early Fall.
- From Senator Dakota Roberson: Idaho Falls is in a period of great transition with massive influx in population and high cost of living. Idaho National Lab has been hiring much faster than we can produce students to fill positions, and so the pressure is on from them to be competitive with our neighbors. We have the University of Utah, about three hours south of here, and Utah State, about two and a half hours from us. From a couple of faculty meetings we had last week, there's a serious desire for improvement and change in the area, both externally and internally. Senator Roberson will represent Idaho Falls campus for another three years and he hopes that senate, with the next leadership, will talk about things we can do to address this growing disparity between the workforce needs of the area and what we're able to provide currently.

A senator asked if there was any support in terms of housing for high school students who would like to do internships at INL. Dakota replied that no affordable housing is available. In fact, some of his graduate students currently on research assistantships live in Pocatello because they can't afford to live in Idaho Falls on a GRA rate. The cost of living here has gone up so dramatically in the last couple of years that it's cheaper for them to live on the ISU campus and commute to Idaho Falls.

Provost Lawrence noted that work is going on with the State Board. He and Senator Roberson can talk more about this when they meet at commencement.

Reopening the discussion on UCC 117, J-3-c:

- Senator Tibbals: It is unclear whether UCGE and UCC wanted to allow NR 213 to replace a core science, in effect allowing a student to graduate with 7 credits using that class. Without knowing the answer to that, it's not appropriate to add a 3-credit science class that will in essence be a

trap for students, because they would take it and still must do a core science and a lecture lab or 2 lecture labs.

Motion (Tibbals, Mittelstaedt): Remove NR 213 from the proposed changes to Regulation J-3.

Vote on the amendment: 20/21 yes; 1/21 no. Motion carries.

Vote on the amended UCC 117: 20/21 yes; 1/21 no. Motion carries.

Adjournment:

The agenda being completed, the Chair adjourned the meeting at 4:31pm.

Respectfully Submitted,

Francesca Sammarruca
Secretary of the University Faculty & Secretary to Faculty Senate

2024 – 2025 Faculty Senate – ~~Pending Approval~~ Approved at Mtg #3
Meeting # 1
Tuesday, April 23, 2024, 4:30 pm – 5:00 pm
Zoom only
Aug. 27, 2024

Present: Barannyk, Chapman, Corry, Haltinner, Justwan, Kenyon, Kirchmeier, Torrey Lawrence (w/o vote), Maas, McKenna, Murphy, Pimentel, Ramirez, Raney, Rinker, Roberson, Sammarruca (w/o vote), Shook, Tohaneanu.

Absent: Strickland (excused), Borrelli, Buchen, Hu, Miller, Roe, Remy, Thaxton

Call to Order: Provost Lawrence called the meeting to order at 4:35pm.

The incoming senators introduced themselves.

Special Orders

- Nominations for the 2024-25 Faculty Senate Leadership
 - Provost Lawrence reviewed FSH 1580 Article IV – Election of Officers
 - For each office, nominations were collected by secret ballot.
 - Office of Chair: 11 nominations were received. Of those, one nominee accepted the nomination; One will consider it; Two were absent and will be asked whether they accept the nomination.
 - Office of Vice Chair: 12 nominations were received. Of those, two nominees accepted the nomination; One will consider it; Two were absent and will be asked whether they accept the nomination.
- Elections will be held by secret ballot at the second meeting of the 2024-25 Senate, Tuesday April 30, 3:30 pm. Before voting begins, additional nominations may be made for each office.

Adjournment:

Meeting adjourned at 4:55pm.

Respectfully Submitted,

Francesca Sammarruca
Secretary of the University Faculty & Secretary to Faculty Senate

2024 – 2025 Faculty Senate – ~~Pending Approval~~ Approved at Mtg #3
Meeting # 2 **Aug. 27, 2024**
Tuesday, April 30, 2024, 3:30 pm – 5:00 pm
Zoom only

Present: Barannyk, Borrelli, Chapman, Corry, Haltinner, Hu, Justwan, Kenyon, Kirchmeier, Torrey Lawrence (w/o vote), Maas, McKenna, Miller, Murphy, Pimentel, Ramirez, Remy, Rinker, Roberson, Roe, Sammarruca (w/o vote), Shook, Strickland, Thaxton, Tohaneanu.

Absent: Buchen, Raney

Call to Order: Provost Lawrence called the meeting to order at 3:30 pm.

Incoming senators who were absent from the 2024-25 Senate Meeting #1 introduced themselves.

Per FSH 1580 IV, the purpose of this meeting is to elect the chair and the vice chair of the 2024-25 Faculty Senate. No other official business is conducted at this meeting.

- **Chair Seat:**
Provost Lawrence asked if there were additional nominations for the office of chair. There were none. The only candidate who accepted the nomination since the nominating meeting, April 23, 2024, Kristin Haltinner, will run for office.
Kristin gave a statement about her leadership philosophy and plans. There were no questions from the senators.
After the secret ballot closed, Provost Lawrence announced that Kristin received the majority of the votes cast and, thus, will be the chair of the 2024-25 Faculty Senate.
- The same procedure was followed for the Vice Chair seat. There were no new nominations. The candidates who accepted the nomination at the nominating meeting, April 23, 2024, Lyudmyla Barannyk and Tim Murphy, will run for office.
Each candidate gave a statement about their leadership philosophy and plans. There were no questions from the senators.
After the secret ballot closed, Provost Lawrence announced that Tim Murphy received the majority of the votes cast and, thus, will be the Vice Chair of the 2024-25 Faculty Senate.

Provost Lawrence and Vice Provost Kelly-Riley had a few announcements:

- University Faculty and Staff Excellence Awards. Thursday, 3PM, ICCU Arena.
<https://www.uidaho.edu/governance/faculty-staff/university-awards>
- Commencement. May 11th in Moscow, the 19th in Boise, and the 20th in Idaho Falls. Please encourage your faculty to attend.
- Opening for the leader of Phi Kappa Phi, an honor society led by Dean Panttaja for a number of years. If interested, please contact Provost Lawrence or Vice Provost Gorzelsky.

- Deferred pay implementation—we will follow the planned timeline since all related policies passed at the UFM yesterday! <https://www.uidaho.edu/provost/faculty/salary/deferred-pay>

Announcement from 2024-25 FSL:

- Later in the summer, Faculty Senate Leadership will send communication about early Fall Senate events. In preparation for annual priority-setting, please follow the link below to a priorities survey to help us shape the [senate agenda](#) for next year.

Adjournment:

Provost Lawrence adjourned the meeting at 4:15 pm.

Respectfully Submitted,

Francesca Sammarruca

Secretary of the University Faculty & Secretary to Faculty Senate

University of Idaho
2024 – 2025 Faculty Senate Agenda

Meeting # 3

Tuesday, August 27, 2024, at 3:30 pm PT
Zoom Only

- I. Call to Order
- II. Approval of Minutes (Vote)
 - Minutes of the 2023-2024 Faculty Senate Meeting #30 (April 23, 2024) **Attach. #1**
 - Minutes of the 2024-2025 Faculty Senate Meeting #1 and #2 (April 23 and 30, 2024) **Attach. #2**
- III. Consent Agenda (Vote)
 - Spring Candidates for Graduation **Attach. #3**
- IV. Chair’s Report – Kristin Haltinner, Faculty Senate Chair
 - Follow up from retreat
 - “No Public Funds” law update
 - “Who We Are”: Florian Justwan
- V. Provost’s Report – Diane Kelly-Riley, Vice Provost for Faculty Affairs
- VI. Committee Reports
- VII. Other Business
 - Brief Overview of Standing Committees – Tim Murphy, Faculty Senate Vice Chair
 - Retreat Recommendations – Kristin Haltinner, Faculty Senate Chair
- VIII. Other Announcements and Communications
 - “Our Shared Futures”: UI Rec Center – Trevor Fulton, Executive Director, Recreation and Wellbeing
 - Recreation and Wellbeing Advisory Group request for Senate representative – Trevor Fulton, Executive Director, Recreation and Wellbeing
- IX. Special Orders
- X. New Business
- XI. Adjournment

So, thank you, Jean-Marc and Kristin, for what you've done to serve this body during the year!

Discussion:

A senator asked whether the 3% tuition raise is the same as, or in addition to, the 3% increase in Gen Ed funding from the state announced the previous week, along with information on how it's going to be spread out for CEC purposes. Provost Lawrence clarified that the announcement from the previous week assumed that a 3% increase in tuition would be approved. Today's communication does not add more funds.

Committee Reports:

• Proposed changes to the University Catalog (voting)

- Admissions Requirements – Steve Shook, Forest, Rangeland and Fire Sciences
Steve Shook presented a summary of discussions/events leading to the proposal in Attach. #2. The proposal captures the UCC recommendations to Faculty Senate, except for the statement in 2c, *“Every applicant who has a test score (ACT, SAT, or ISAT) is encouraged to provide it for admission. Providing a test score assists in class placement and may make an applicant eligible for certain scholarship opportunities,”* which was added later.

Discussion:

A senator raised an issue about the wording. Presumably, the various options are meant to be mutually exclusive, but, with the present language, they are not. A student can fall within both options **2a** and **2b**, in which case they are both directly admitted and required to submit test scores. After a brief discussion, the confusion was clarified and a change to the language was proposed: *“New first-year applicants with a cumulative GPA between 2.6 and 2.99 who are not otherwise automatically admitted under **2a** must submit an ACT or SAT score.”*

There was some additional discussion on whether we should expect a return to test scores being required. Steve Shook said it would be helpful to have both indicators, (GPA and standardized test scores), because students may do better with one or the other.

In response to a question about out-of-state students, Steve noted that admission requirements are the same for in state and out-of-state students, except for the ISAT.

A senator wished to make a final remark: This proposal is great to go forward. In a couple of years, though, Faculty Senate may want to revisit what the SAT score should be for the 2.6-2.99 GPA range.

Back to the motion (Tibbals, Barannyk) to amend the language in section **2b** of First-Year Admission Requirements.

Vote on the proposed amendment: 20/20 yes. Motion passes.

Vote on the amended motion: 21/22 yes; 1/22 no. Motion passes.

- UCC 538 Nuclear Materials Engineering Graduate Academic Certificate – Indrajit Charit, Nuclear Engineering and Industrial Management.

The nuclear industry is going through a renaissance. Nuclear energy is environmentally sustainable and is essential in the form of modular reactors and micro-reactors to charge the electric vehicles that will dominate the roads. The proliferation of nuclear energy and the safe operation of nuclear reactors depend highly on how we address the issues related to materials and their degradation. This certificate program will prepare the students to address the materials-related issues of nuclear engineering and will attract students from various disciplines. There are only two other universities (WSU-Tri-Cities, and UWisconsin) that offer certificate programs in nuclear materials. Furthermore, the certificate will help meet the employment needs of our industry partners. This certificate program is intended to prepare students for careers in the nuclear industry or nuclear medicine and for future graduate studies in nuclear engineering. The department already offers the courses required for the certificate .

Vote: 20/21 yes; 1/21 no. Motion passes.

- UCC 115 Department of Nursing – Jeff Seegmiller, Director, Medical Education Program. We are currently proposing the new School of Health and Medical Professions and six new programs under three departments (Department of Medicine, Department of Clinical Medicine and Department of Nursing). The Department of Medicine and the Department of Clinical Medicine have already been formed. Our Idaho WWAMI Medical Education program is also included in this organizational structure and is housed in the Department of Medicine.

Vote: 21/21 yes. Motion passes.

- UCC 117 Changes to General Education Course Lists: Regulation J-3 – Dean Panttaja, Vice Provost for Academic Initiatives.

We are proposing an addition of 10 courses, 5 in the gym area and 5 in the capstone area, and

Discussion:

A senator expressed concerns about the language in J-3-c “*Scientific Ways of Knowing (8 credits from two different disciplines, which include two accompanying labs OR 7 credits which includes a Core Science (CORS) course and one course with lab).*” The senator argued that a student could not graduate with 7 credits by taking NR 213. (This issue was set aside to be revisited later in the meeting.)

Dean Panttaja provided additional clarification on the changes that were made. Kristin Haltinner inquired about Survey of Health, Fitness, Sport, and Wellbeing being listed as an American Diversity course. Dean Panttaja didn’t quite recall the specifics of those conversations, but he is sure the course met the appropriate criteria, which are spelled out by the State Board of Education. We, as an institution and based on our vision and values, have defined what it means to be American Diversity and what it means to be International. This course covers all athletes and mechanisms in place to ensure we have a diverse athletic world. The course covers discussions about diversity, equity, and inclusion in sports.

Kristin Haltinner noticed that the same course added under American Diversity is also added under Social and Behavioral Ways of Knowing, so students can “double dip.” Her department no longer allows that, because it defeats the purpose of Gen Ed. She wondered whether there is an ongoing conversation at UCGE on this matter. Dean Panttaja replied that he believes in a broad education and supports the decision of the Sociology department. The practice commonly referred to with the term “double dipping” dilutes the broad exposure that should be provided by Gen Ed courses. He has shared those views over his many years in Gen Ed.

Motion (Mittelstaedt, Tibbals) to postpone the vote on UCC 117 for about 20 minutes, while a group of people discuss a possible amendment to the language in J-3-c.

Vote: 19/20 yes; 1/20 no. Motion carries.

- **Announcements and Communications**

- Vandal Health Clinic – Blaine Eckles, Vice Provost for Student Affairs and Dean of Students, Jeff Seegmiller, Director, Medical Education Program, Rayme Geidl, Associate Director, Medical Education Program

Blaine Eckles:

Student Affairs has been working with Gritman Medical Center to provide health services to our students through the Vandal Health Clinic. The contract is now at a renewal stage, and they decided to make some significant changes. The Vandal Health Clinic is brought back in house and turned into a teaching clinic where our faculty working with our students in the WWAMI program will provide medical services to the students at the University of Idaho. It’s going to be a full-fledged health clinic, just like it always has been, with two significant changes: it is in house, and, unfortunately, for the time being is not able to provide medical services to employees, who could access the health clinic before the change. As the clinic is operated

internally, it is under FERPA, and thus only accessible to students going forward. A long-term goal is to get it back to be accessible to employees. A teaching clinic will further our educational programs.

Jeff Seegmiller:

This is really an exciting time for the University of Idaho, with many new proposed health professions programs. We appreciate your support for those programs. We're really trying to change how the University of Idaho contributes to the healthcare shortages within our state, which are quite drastic. Presently, we rank fiftieth for number of physicians per capita, and every county in the State of Idaho is a health professional shortage area for behavioral mental health and 98% are a behavioral mental health or primary care shortage area. We have a medical school on our campus, yet our students must go elsewhere for some training. We are happy to bring training experiences on campus and within our community. This is an exciting time for us to employ clinicians as full FTE clinical faculty that can also teach and provide services for our student population. It is actually very common across the United States to have an academic medical center, where students and faculty can receive care, and we're looking forward to that model.

Discussion:

There was a question about possible impact of these changes on sexual health care for students, such as birth control or STD testing referrals. Rayme Geidl confirmed that there will be no cuts to any of the services students are currently receiving from the health clinic.

A senator shared her concerns that Idaho state laws are discouraging doctors from coming here. Jeff Seegmiller replied that he knows the challenges. He moved to Boise for eight weeks to help educate our legislators on the impact that our laws have on the practice of medicine within our State and even on individuals choosing to go into health care.

Fortunately, the number of physicians in Idaho has been going up. Idaho is a fast-growing state, and so our numbers have been increasing, but not enough to meet the actual growth of the state. Therefore, anything that discourages a physician from practicing in our state or moving to our state, hurts us down the road and presently. So, we need everybody to help to educate our legislators on the challenges.

A senator asked whether postdocs would have access to the clinic after the changes. Blaine Eckles replied that they wouldn't, being staff. However, the U of I will maintain an important relationship with Gritman, because not all student needs can be met through the Vandal Health clinic. They expect to be doing a lot of referrals to the community just like they did when there wasn't a health clinic here on campus.

Back to the topic of state legislature, Dean Eckles noted that we have elections coming up. He is on a panel hosted by ASUI about educating students on the importance of voting. All of us have a voice and need to engage our constituents about reaching out to our representatives in the state legislature.

- Distinguished Scholars Program – Jerry McMurtry, Dean, College of Graduate Studies
Sandra Renee visited Faculty Senate to talk about what she is doing with the Honors Program and the effort to create an office of distinguished fellowships. Today, Dean McMurtry will follow up with some of the work being done at COGS. Every time we get an honor student into graduate school, it's certainly a win for us if they stay. If they move on with a prestigious fellowship to another institution, that gives us visibility where they go, which is, generally, an aspirational peer level institution. COGS offers workshops specific to the needs identified for our graduate students. The information is spread out wide to students, faculty and staff to get students involved in this. Jerry McMurtry urged faculty to look at the COGS initiatives and build

them into NSF-style mentoring programs, which is now a requirement if the award includes support for graduate students. Specifically on the topic of prestigious fellowships, they have a workshop series which gives students the opportunity to explore fellowships and find one that works for them. They started with just a few, the NSF Graduate Research Fellowship Program (GRFP), the NIH F31 Fellowship, the Ford Foundation and the National Defense Science and Engineering Graduate Fellowship, and now have about 30. While supporting students through a formal workshop series, they learned that students really want to spend time writing for these awards. So, they created a spring and a fall class on the subject of prestigious fellowships. The spring class, Prestigious Fellowships I, helps the students work through what they need to do to get one of these fellowships and to write the strongest proposal they can. In the fall, Prestigious Fellowships II prepares them to meet most of the deadlines for the big federal fellowships that come up in October and November. The course goes through the first eight weeks of the fall semester and focuses on how to submit the best fellowship application that moves forward. Of the five students that went through a pilot version of this program last year, there were two winners and an honorable mention, which is a pretty good success. COGS is excited to work with the Honors Program, but they are also moving further.

Discussion:

In response to a question, Jerry said that those fellowships are primarily for graduate students, although at COGS they do reach out to the undergraduate population, particularly for the GRFP, because they're only eligible to apply twice. Sometimes, they have worked with juniors who wanted to be prepared to apply in the senior year, so they could have support to go on to graduate school. They also work with first-year graduate students, who are still eligible to apply. COGS would love to get high school students thinking about this early, but these applications are not easy to write and they're extremely competitive. It takes a lot of time to work through this, to obtain the appropriate references, to work with your faculty sponsor on developing the correct research plan etc.

New Business:

- From Vice Chair Haltinner: The university-level committee roster to be presented at the UFM is different than the one from last week, because several people have declined the appointment. It will likely continue to change until early Fall.
- From Senator Dakota Roberson: Idaho Falls is in a period of great transition with massive influx in population and high cost of living. Idaho National Lab has been hiring much faster than we can produce students to fill positions, and so the pressure is on from them to be competitive with our neighbors. We have the University of Utah, about three hours south of here, and Utah State, about two and a half hours from us. From a couple of faculty meetings we had last week, there's a serious desire for improvement and change in the area, both externally and internally. Senator Roberson will represent Idaho Falls campus for another three years and he hopes that senate, with the next leadership, will talk about things we can do to address this growing disparity between the workforce needs of the area and what we're able to provide currently.

A senator asked if there was any support in terms of housing for high school students who would like to do internships at INL. Dakota replied that no affordable housing is available. In fact, some of his graduate students currently on research assistantships live in Pocatello because they can't afford to live in Idaho Falls on a GRA rate. The cost of living here has gone up so dramatically in the last couple of years that it's cheaper for them to live on the ISU campus and commute to Idaho Falls. Provost Lawrence noted that work is going on with the State Board. He and Senator Roberson can talk more about this when they meet at commencement.

Reopening the discussion on UCC 117, J-3-c:

- Senator Tibbals: It is unclear whether UCGE and UCC wanted to allow NR 213 to replace a core science, in effect allowing a student to graduate with 7 credits using that class. Without knowing the answer to that, it's not appropriate to add a 3-credit science class that will in essence be a trap for students, because they would take it and still must do a core science and a lecture lab or 2 lecture labs.

Motion (Tibbals, Mittelstaedt): Remove NR 213 from the proposed changes to Regulation J-3.

Vote on the amendment: 20/21 yes; 1/21 no. Motion carries.

Vote on the amended UCC 117: 20/21 yes; 1/21 no. Motion carries.

Adjournment:

The agenda being completed, the Chair adjourned the meeting at 4:31pm.

Respectfully Submitted,

Francesca Sammarruca

Secretary of the University Faculty & Secretary to Faculty Senate

2024 – 2025 Faculty Senate – Pending Approval

Meeting # 1

Tuesday, April 23, 2024, 4:30 pm – 5:00 pm

Zoom only

Present: Barannyk, Chapman, Corry, Haltinner, Justwan, Kenyon, Kirchmeier, Torrey Lawrence (w/o vote), Maas, McKenna, Murphy, Pimentel, Ramirez, Raney, Rinker, Roberson, Sammarruca (w/o vote), Shook, Tohaneanu.

Absent: Strickland (excused), Borrelli, Buchen, Hu, Miller, Roe, Remy, Thaxton

Call to Order: Provost Lawrence called the meeting to order at 4:35pm.

The incoming senators introduced themselves.

Special Orders

- Nominations for the 2024-25 Faculty Senate Leadership
 - Provost Lawrence reviewed FSH 1580 Article IV – Election of Officers
 - For each office, nominations were collected by secret ballot.
 - Office of Chair: 11 nominations were received. Of those, one nominee accepted the nomination; One will consider it; Two were absent and will be asked whether they accept the nomination.
 - Office of Vice Chair: 12 nominations were received. Of those, two nominees accepted the nomination; One will consider it; Two were absent and will be asked whether they accept the nomination.
- Elections will be held by secret ballot at the second meeting of the 2024-25 Senate, Tuesday April 30, 3:30 pm. Before voting begins, additional nominations may be made for each office.

Adjournment:

Meeting adjourned at 4:55pm.

Respectfully Submitted,

Francesca Sammarruca

Secretary of the University Faculty & Secretary to Faculty Senate

2024 – 2025 Faculty Senate – Pending Approval

Meeting # 2

Tuesday, April 30, 2024, 3:30 pm – 5:00 pm

Zoom only

Present: Barannyk, Borrelli, Chapman, Corry, Haltinner, Hu, Justwan, Kenyon, Kirchmeier, Torrey Lawrence (w/o vote), Maas, McKenna, Miller, Murphy, Pimentel, Ramirez, Remy, Rinker, Roberson, Roe, Sammarruca (w/o vote), Shook, Strickland, Thaxton, Tohaneanu.

Absent: Buchen, Raney

Call to Order: Provost Lawrence called the meeting to order at 3:30 pm.

Incoming senators who were absent from the 2024-25 Senate Meeting #1 introduced themselves.

Per FSH 1580 IV, the purpose of this meeting is to elect the chair and the vice chair of the 2024-25 Faculty Senate. No other official business is conducted at this meeting.

- **Chair Seat:**
Provost Lawrence asked if there were additional nominations for the office of chair. There were none. The only candidate who accepted the nomination since the nominating meeting, April 23, 2024, Kristin Haltinner, will run for office.
Kristin gave a statement about her leadership philosophy and plans. There were no questions from the senators.
After the secret ballot closed, Provost Lawrence announced that Kristin received the majority of the votes cast and, thus, will be the chair of the 2024-25 Faculty Senate.
- The same procedure was followed for the Vice Chair seat. There were no new nominations. The candidates who accepted the nomination at the nominating meeting, April 23, 2024, Lyudmyla Barannyk and Tim Murphy, will run for office.
Each candidate gave a statement about their leadership philosophy and plans. There were no questions from the senators.
After the secret ballot closed, Provost Lawrence announced that Tim Murphy received the majority of the votes cast and, thus, will be the Vice Chair of the 2024-25 Faculty Senate.

Provost Lawrence and Vice Provost Kelly-Riley had a few announcements:

- University Faculty and Staff Excellence Awards. Thursday, 3PM, ICCU Arena.
<https://www.uidaho.edu/governance/faculty-staff/university-awards>
- Commencement. May 11th in Moscow, the 19th in Boise, and the 20th in Idaho Falls. Please encourage your faculty to attend.
- Opening for the leader of Phi Kappa Phi, an honor society led by Dean Panttaja for a number of years. If interested, please contact Provost Lawrence or Vice Provost Gorzelsky.

- Deferred pay implementation—we will follow the planned timeline since all related policies passed at the UFM yesterday! <https://www.uidaho.edu/provost/faculty/salary/deferred-pay>

Announcement from 2024-25 FSL:

- Later in the summer, Faculty Senate Leadership will send communication about early Fall Senate events. In preparation for annual priority-setting, please follow the link below to a priorities survey to help us shape the [senate agenda](#) for next year.

Adjournment:

Provost Lawrence adjourned the meeting at 4:15 pm.

Respectfully Submitted,

Francesca Sammarruca

Secretary of the University Faculty & Secretary to Faculty Senate
